

## ISSUES AN EDICT DEFIANT IN TONE

**Empress Dowager Urges  
Viceroys to Avenge In-  
juries by Allies.**

## A FLAME OF REBELLION

**Feeling Against Foreigners  
Will Burst Its Bounds in  
Canton Very Soon.**

## ALLIES TO STAY IN PEKIN

Shanghai, Sept. 5.—[Special Cablegram.]—An imperial edict dated Tai Yuan Fu, August 20, says the court fled from Pekin on account of the disturbances between the Boxers and Christians and fear that the Emperor would be killed. The viceroys are exhorted to unite in order to avenge the injuries suffered at the hands of the allies, to raise taxes and enroll troops. The edict is signed by the Dowager Empress and is worded in a defiant tone.

**Allies to Stay in Pekin**

Washington, Sept. 5.—[Special Telegram.]—The allies are to stay in Pekin. Russia's proposal to withdraw the international troops from the Chinese capital will not be ratified and Russia herself probably modify her position and leave her troops to take their part in garrisoning the city.

From preliminary advices received by this government from its representatives abroad as to the probable tenor of the replies to be made by the other European governments to Russia, officials here believe this will be the result of the interchange of notes on the proposition to evacuate Pekin.

**Order Chaffee to Remain**

Washington, Sept. 5.—[Special Telegram.]—A dispatch has been sent Gen. Chaffee telling him to remain at Pekin with the troops until further orders. He has also been requested to notify the department what dispatches he had received from Washington, the impression prevailing that he has failed to receive many communications sent him during the last ten days.

## FLAME OF REBELLION SPREADING

**It is Being Fanned in Southern Provinces of China.**

Hongkong, Sept. 5.—Influential natives state that the flame of rebellion has been fanned in the southern provinces, and predict a tremendous conflagration within a month. Placards and pamphlets are being circulated in Canton and the provinces intimating that the allies are thoroughly routed. The feeling against foreigners is bursting the bounds of official control.

The majority of the mission stations in Kwang Tung have been either destroyed or looted. Native Christians are terribly abused. Natives in foreign employ in Canton have been threatened, and a systematic looting has taken place of the houses of English speaking Chinamen.

Several reform parties, with their headquarters in Hongkong, who have been supported by funds from rich Chinese in the interior and in America, have hitherto refrained from aggressive action, believing that the powers would effect the regeneration of the government. One powerful organization is distributing thousands of copies of a reform appeal in the British colonies. The memorandum has been signed by 200 names for presentation to the British minister, imploring the assistance of a reform government. It recommends establishing Nankin as the capital and the selection of enlightened Chinese officials to administer the government, with foreign advisers.

The people are disheartened at the reported intention of the powers to withdraw from China. Different societies are combining to raise the standard of revolt and overthrow the corrupt government. The practical cessation of trade with the north has thrown thousands of Chinese in each port out of employment, and they are ready to join the rebels. French aggression at Swatow and Japanese at Amoy intensifies the hatred of the foreigners. The strike of coolies at Hongkong is moving on.

**Russians Moving on Kiran.**  
The Russian forces in Manchuria are now moving on Kiran, an important strategic position where there is a large arsenal. When Kiran has been captured they will occupy Mukden, capital of the province of Liao-Tung.

## GEN. CHAFFEE IS HEARD FROM.

**He Says Hostilities in Pekin Have Practically Ceased.**

Washington, D. C., Sept. 5.—The following dispatch was received by the war department from Gen. Chaffee: "Taku (no date).—Adjutant-General, Washington: Written report of

operations up to relief of legations will be forwarded as soon as possible. Present conditions are that hostilities have practically ceased, only occasional shots fired from cover. Small party repairing telegraph line and foraging. No considerable body of Chinese troops (Boxers) discovered here or along line of communication.

"We hear Li Hung Chang has full power, but he is not here. Will United States keep military force here until terms of peace are arranged? Now in China about 5,000 effectives, 8th cavalry, light battery F, 5th artillery, 3d, 9th infantry, 14th infantry, 1,000 marines.

"I think this ample force for the United States, unless political reasons not apparent to me demand larger force. I shall take 5,000 as the basis of my requirement for supplies. If the troops remain they must winter in tents, and conical wall tents will be required, one tent for ten men. Escort wagons mentioned will be required immediately. Have mules for same shipped. No more pack trains required; wagon transportation best. Water falling in river rapidly; must soon haul supplies forty miles. Satisfied railroad will not be repaired before river freezes.

## "CHAFFEE."

All the transportation and tentage asked for by Gen. Chaffee has been anticipated by the department and has been shipped. Much of it is at Taku and the rest is due there very soon.

## THE KAISER STANDS ALONE.

**Says Troops Will Not Evacuate Pekin.**

Berlin, Sept. 4.—Emperor William has declared in emphatic terms that Germany's forces will not leave Pekin though all other nations withdraw and even if he has to mobilize at the Chinese capital every corps in the German army.

This statement he made at a dinner given to the officers of the corps of guards last night and it is said the Emperor used the most emphatic language in making the statement.

Germany, however, desires that the powers remain in Pekin until a stable Chinese government exists, with which satisfactory negotiations can be closed. But the German fleet and military force in the far East is strong enough, it is stated, to enforce Germany's demands, and will be increased if, from political and financial motives, Russia decides to renounce further participation in the occupation of Pekin.

## HOT FIGHT IN THE SECOND DISTRICT

Watertown, Wis., Sept. 5.—After taking seventeen ballots without making any nomination the Second District Democratic Congressional convention adjourned at 8:16 last night until today.

Each one of the four counties has a candidate and each delegation is instructed for its candidate. Each candidate said today that his delegates would stick by him until released. Each candidate also said that he was in the fight to stay. So far there is no evidence of weakening on the part of any of the delegations. The first ballot, taken at 5 o'clock, yesterday afternoon, which was exactly the same as the sixteen ballots, following, was: Columbia—J. E. Jones, 51; Dane, John A. Alyward, 13; Dodge, John Bodden, 10; Jefferson—Armond R. Bechard, 7.

After taking two ballots without changing the convention adjourned at 6 until 8 o'clock. Upon reconvening 15 more ballots were taken without any change in the result. A strong effort was made last night to weaken the Dane county delegation, but it has so far resulted in no disaffection. A powerful delegation is here working against the nomination of John A. Alyward, the Dane county candidate.

## 50 CENT GAS IN CHICAGO.

**The War in Rates May Bring It Down to 10 Cents**

Chicago, Ill., Sept. 5.—A gas rate of 50 cents per 1,000 cubic feet went into effect today on the north side in the district between Chicago avenue and Diversey street.

The Municipal Gas company, which is engaged in a war with the Ogden Gas company, lopped off on additional 10 cents this morning, bringing the price to 50 cents, and at once began notifying householders of the new rate. This reduction was promptly met by the Ogden.

A 50 per cent. reduction in the price of the illuminant within the last five days is thought to indicate a long and bitter conflict between the rival gas companies. Chicago's last gas war resulted in the reduction of the price of gas from \$2 to \$1 per thousand feet, and the present rate is 40 cents lower than ever before. The price, it is said, will go to 10 cents.

## GASOLINE STOVE EXPLOSION.

Beloit, Wis., Sept. 5.—[Special.]—A gasoline stove exploded at the home of Mrs. John Burns, Sixth street, last evening about six o'clock. The fire department was called out and had time to get the fire under control. Besides the house being very badly damaged, they lost a great deal of their household furniture and clothing. The house is so destroyed as to prevent living in it.

Regular army and navy veterans in camp in New York elected William F. Morris National Commander.

## WISCONSIN SAFE FOR REPUBLICANS

**MOST ENCOURAGING REPORTS  
FROM ALL OVER THE STATE.**

**Democrats Will Welcome William J. Bryan to Milwaukee Next Saturday**  
—La Follette in Demand to Make Speeches—Organizing Republican Glee Clubs and Marching Clubs.

Milwaukee, Sept. 5.—"I cannot imagine what the democrats have for the basis of their claim that Wisconsin is a doubtful state," said Zeno M. Host, the secretary of the republican state central committee, last evening. "We have the most encouraging reports from all parts of the state. Of course in some of the counties the conventions for the nomination of county officers have not been held, and in the prospects of a change in the chairmanships of the county committees no work to speak of has been done.

"However, in nine of the counties we have had polls made of the voters and find that the vote of 1896 is not only still solid for McKinley and the state ticket, but in many cases there have been large accessions to our ranks. No, I cannot give you the names of the counties as that would not be good politics at this time. I will say, however, that they are in the southern part of the state. We are receiving letters from all parts of the state and they are of the most encouraging character."

**Bryan Next Saturday**

At 1 o'clock next Saturday afternoon William Jennings Bryan will reach Milwaukee over the Chicago, Milwaukee and St. Paul railway from Chicago. He will be accompanied by Mayor Harrison of Chicago and the Cook County Marching club. The visitors will be received at the Union station by the Jefferson club, topped out as marchers in command of Henry Hase, who will be the chief marshal of the parade. The procession will pass through a few of the principal streets and will then take trolley cars for National park where the picnic will be held.

**Want La Follette to Speak**

From all parts of the state requests are being made to Chairman Bryant of the republican state central committee that R. M. La Follette, the candidate for governor, be sent them for a speech. The itinerancy of the speakers has not yet been made out, but it has been taken in hand and will be completed as soon as possible. Mr. La Follette's time will be distributed as far as possible to cover all parts of the state. Gen. Bryant is expected to return from Madison this evening.

Republican Glee clubs are being formed all over the state and the campaign song will come in as a prelude and interlude to the speeches of the campaigners at the republican meetings. Club rooms are being opened and marching companies are being organized.

## LAWYER'S CLERK IS CRAZED BY LIQUOR

**Jumps Into a New York Hotel and Fires at Random Among the Guests**  
**Sitting About.**

New York, Sept. 5.—[Special Telegram.]—Crazed by drink Martin Wildman, a lawyer's clerk, at two o'clock this morning entered the dining room of the Sharon Hotel on Third avenue and drawing a revolver began firing promiscuously, upon the men and women sitting about. John Kane, manager, was shot in the mouth; James Allen, bar keeper, shot in the mouth and abdomen, both fatal.

A panic ensued. Wildman jumped over the bodies and started for the door. He was met there by a policeman, who fractured the man's skull with a blow from his "billy."

A Bellevue hospital ambulance enroute to the scene collided with a street car and the driver, Albert Stone, was seriously injured. Dr. Sullivan's wrist was broken.

## RAG TIME IS FROWNED UPON.

**Arbiters of the Light Fantastic Decide Year's Fashions.**

Saratoga, N. Y., Sept. 5.—Ragtime has been declared out of time, and the American society of professors of dancing, in annual convention here, have resolved to encourage a revival of the old-fashioned "barnyard" tunes set to a good march time.

Most of the time at today's meeting was taken up in the study of two new dances—"Ladebut," which is a combination of a glide, two step and waltz, and the "Rembroke," a glide in waltz time. The tendency will be in the future to dances of a glide nature, and the hopping so prevalent in the two-step dancing will no longer be good form. Instead the two-step will be danced with the smooth, easy motion of the waltz.

Tomorrow steps for the german will be considered. It has been decided today to enter in the floral parade next Thursday a decorated carriage, drawn by three horses, "Droska" fashion.

**Bar Maid Gets Big Damages.**

London, Sept. 5.—[Special Cablegram.]—Mrs. Caroline Mayo, a bar maid, was today awarded four thousand pounds against Augustus Craven, a cousin of Earl Craven, who married Cornelia Bradley-Martin of New York.

## ODELL HEADS THE NEW YORK TICKET

**WOODRUFF IS AGAIN GIVEN  
THE SECOND PLACE.**

**Rest of the Present State Officers Are Named by Resolution—The Empire State Republicans Put Up a New "Paramount Issue" in Their Platform at Saratoga Today.**

For lieutenant governor, Benjamin B. Odell; For lieutenant governor, Timothy C. Woodruff; For secretary of state, John T. McDonough; For comptroller, William Morgan; For state treasurer, John P. Janelle; For attorney general, J. C. Davies; For state engineer and fireman, A. E. Bond.  
Saratoga, N. Y., Sept. 5.—The foregoing ticket was named by the republican state convention today.

The platform adopted is, in the opinion of party leaders, the strongest upon which New York republicans ever have taken their stand. Not alone is it strong in its statement of principles but in its strictures upon democracy's present attitude.

A "paramount" issue is no longer the exclusive property of Bryan and his party; in today's definition the republicans say: "The continued prosperity of the country and of the individual citizen is the 'paramount' issue before the people."

Referring to the democratic position on the question of expansion the platform observes that an opposition, which has made such a negro record in the Carolinas, Mississippi and Texas "has no occasion to distress itself about the constitutional journey 4,000 miles across the sea."

Former Governor Black formally presented the name of Mr. Odell as a candidate for governor. Senator Chauncey M. Depew followed when the convention had ratified this nomination with a speech nominating Mr. Woodruff for lieutenant governor.

This nomination out of the way there followed the renomination of the present state officers by resolution, and then began the ratification of the ticket nominated in a speech by Governor Roosevelt.

Governor Roosevelt reached here last evening and held a largely attended reception.

## FAVOR TAX ON GROSS RECEIPTS

**Street Railway Managers Before the State Tax Commission at Madison Yesterday.**

Madison, Wis., Sept. 5.—The street railway interests had their hearing before the tax commission yesterday afternoon. The first argument was made by Henry C. Payne on behalf of the Milwaukee railway companies. Other arguments were made by B. E. Edwards of the LaCrosse Street Railway Co., I. F. Lord of the Waupaca company and E. L. Debell of the Sheboygan company. The Madison company was represented by Major Oakley but he took no part in the discussion.

All who spoke agreed with the representatives of the other interests, heretofore heard by the commission, viz: that a state license fee on gross earnings was preferable to local assessment as a method of taxation.

There were several interested spectators at the hearing today, among them being Pliny Norcross of Janesville and Thomas R. Mercein of Milwaukee, president and secretary, respectively, of the Northwestern Electrical association.

## VILAS AND KNIGHT SELL THEIR LANDS

**Dispose of Timber on North Shore of Lake Superior and Sawmills at Ashland.**

Ashland, Wis., Sept. 5.—Vilas and Knight, it is said, have sold their holdings of timber on the north shore of Lake Superior and on the Brule and Iowa rivers, including their sawmill plant at Ashland; to the estate of Thomas Nester, of Baraga, Mich. This is one of the largest transactions in pine that has taken place in years.

Messrs. Vilas and Knight will retire from the lumber business in this neighborhood, having made a handsome profit in the deal. The transaction involves over \$1,000,000. The new parties will not take possession of the mill until the close of the present sawing season.

## "PRAYER CHAIN" FOR MCKINLEY

**Women Organizing Under Plan to Offset Action of W. C. T. U.**

Fremont, Ind., Sept. 5.—As a sort of offset to the W. C. T. U. prayer chain a woman of this city suggests "a presidential prayer chain."

It is built on the same idea as is the W. C. T. U. plan, and works the same way. Letters pledging the receiver to pray daily for the success of McKinley are sent to women thought to be in accord with the project, and each of them in turn sends out four copies to friends.

The proposal has been received with favor and is now being put in operation. A great number of letters will form the links of the "endless chain."

## VANDERBILT WOULD LIKE IT

**Cornelius, Fourth of His Name Why Run For Congress**

New York, Sept. 4.—Cornelius Vanderbilt, fourth of his name in the Vanderbilt family, would not be unwilling to run for congress, according to a dispatch to the Times from Saratoga. He is a delegate to the republican state convention from the 24th New York district.

In response to a question Mr. Vanderbilt said:

"I have not thought of office holding, yet I should not be averse to representing a constituency in congress or in any other legislative body. But I am not seeking any office. I simply want to do my duty as a citizen. I don't care to say much on this subject. I am only a novice."

"Would you like to go to congress?" was asked.

"Certainly was answered, 'but it is not for me to pass upon that sort of a question. If called on I shall respond.'"

## LAKE GENEVA'S NEW BANK

**The Farmers' National Organized with \$30,000 Capital**

Lake Geneva, Wis., Sept. 5.—The Farmers' National bank was organized here today with a capital of \$30,000. D. S. Allee was elected president; Andrew Kull vice president; E. D. Richardson, cashier, and Fred Kull, attorney. The directors are: D. S. Allee, Andrew Kull, E. D. Richardson, Charles Green, president of the Elkhorn bank; P. H. Moore, A. S. Robinson and Richard Powers. The bank will be open for business October 1.

## SOLVE DOMESTIC SERVICE PROBLEM

**PORTAGE, WIS., WOMEN, COMBINE IN HOUSEKEEPING.**

Their Meals Cost Them Ten Cents Each, with All the Comforts of Home—Cooperative Housekeeping is Tested and Found to Be a Thorough Success.

Portage, Wis., Sept. 5.—Co-operative house keeping with meals at a cost of 10 cents each has passed the experimental stage and is now on an established footing in this quiet town of Port Wisconsin. A combination has come into existence which has solved in a marked degree the domestic servant problem to those connected with the organization.

**Solve Domestic Service Problem**

In Portage, as elsewhere, the problem of domestic service is a vexatious one, and its solution seemed far away until the combination was formed. The idea was first presented in the Study club, and two of its members, Mrs. J. H. Richey and Mrs. J. H. Rogers, at once proceeded to inaugurate the scheme.

A vacant building near the business portion was leased, the place was furnished and a manager was engaged to employ all of the help, to do all of the purchasing and to see that all of the plans were executed.

**Family Furnishes Own Table**

The home of the organization consists of two large dining rooms, a kitchen, a supply room and an office below, while the second floor is devoted to sleeping apartments for the persons employed. Each family furnishes its share of tables, chairs, linen, china and silver.

This is done because the articles are already at hand and obviates the purchase of new ones, thus curtailing the expense of the organization. The ranges and other articles were furnished by the association when organized and are held in common. Carpets have been provided for the rooms and pictures adorn the walls, so that the environments are of a homelike nature. In the office, where the manager has her desk, there is an extra table to be used in case the place becomes crowded from an unusual number of visitors or otherwise. As far as possible all supplies are purchased at wholesale and are kept in the room provided for the purpose.

**Some of the Things Served**

At breakfast there is tea or coffee, breakfast food or griddle cakes in some form and, perhaps, some potatoes or fruit, in season. Some of the members do not depend on the organization for this meal, but are served at their own homes. For the noonday meal it is planned to have soup, two kinds of meat potatoes and other vegetables and dessert in some form. A hot dish of some kind is always provided for the evening meal and often sherbets or other more elaborate desserts are served.

**Has Fifty Members**

The meals are varied as much as possible from day to day and aside from the items indicated in the sample bills of fare above there goes with each, good butter, rich milk or whatever else is needed.

The club was started early in the summer and during the first month 3,256 meals were served at a cost of 10 cents each. This included the rent of the home, help, ice, telephone and provisions. The club is operated on a basis of fifty, but sometimes as many as ninety are served, the extra number being guests. Each family has its visitors with them at the same table.

The members are enthusiastic over the results, expect to continue to an indefinite time and are satisfied that the plan is less expensive than to be served at home.

## ARTHUR SEWALL DEAD IN MAINE

**Passed Away Early This  
Morning at Bath, Me.,  
of Apoplexy.**

## RAN WITH BRYAN IN '96

**Successful Shipbuilder and  
Railroad Manager, Loved  
and Respected by All**

## BRIEF HISTORY OF HIS CAREER

Bath, Me., Sept. 5.—[Special Telegram.]—Arthur Sewall, candidate in 1896 for vice president on the democratic ticket, died this morning of apoplexy.

Arthur Sewall, third son of William and Rachel Sewall, was born in Bath, Me., in 1835. His father was one of the earliest shipbuilders in Bath and a member of the state legislature. The man who has attained a national reputation in politics is a perfect master of the art of shipbuilding, but his connection with the greyhounds of the deep has not been confined to their building and launching. The blue "S" of the Sewalls has been carried into every commercial port of the world.

The noted shipbuilder and politician was educated in the common schools of Bath, and early entered the shipbuilding and trading business. With his father's firm and later in partnership with his older brother, Mr. Sewall accumulated a vast fortune and entered upon other commercial investments. He is president of the Maine Central railroad. He has large interests and his broad and liberal business policy has made the Maine Central the great trunk line of the state.

Mr. Sewall was one of the best known public men in his home state. He had the respect and confidence of his fellow men. He was of fine presence and popular with all classes. He was nominated upon the free silver ticket for the vice presidency by the Chicago democratic convention of 1896, and his name lent great strength to the ticket during the campaign. He was the successful business man, the typical American, vigorous, fearless and tireless.

## REPUBLICAN BY 32,000 MAJORITY

**Vermont Gives a Larger Majority Than Two Years Ago, But Smaller Than 1896.**

Montpelier, Vt., Sept. 5.—The predictions of the republican party managers were verified by the voters of the Green Mountain State. William W. Stickney, republican candidate for governor, has received approximately 49,680 votes, and John H. Senter, democrat, 17,800, showing a republican plurality of 32,000.

Ira Allen, chairman of the republican state committee, said last Saturday, that the republican plurality would be 30,000. On the same day Senator Proctor said it would be 32,000.

Of the 246 towns and cities in the state about four fifths have been heard from, and the figures given above are based on the returns already in. It is certain, however, that the republican plurality will not be cut at all when the full returns are in, and it may be increased a hundred or more.

Analysis of the vote already in, as compared with that in 1896, shows a republican loss of 7 per cent, and a democratic gain of 13 per cent. With one exception, that of the year 1896, the republican plurality today is the largest the party ever secured in this state. In 1896 it was 38,571 for the republican governor and 40,384 for McKinley.

## DOUBLE TRAGEDY AT WAUKESHA, WIS.

**Woman Killed on Her Door Steps Last Night by a Lover Who Shoots Himself.**

Waukesha, Wis., Sept. 5.—Mrs. E. Miller, a widow, was shot and instantly killed on her own door steps late last night by Paul Cronin, who then turned his revolver on himself, inflicting a wound which will probably prove fatal. Two shots were fired into Mrs. Miller's body and as the daughter of the woman heard them she ran to the door, to find her mother lying there dead and her assailant dying.

Cronin made an ante mortem statement in which he said that he had shot Mrs. Miller out of revenge. He is said to have been a lover of the woman before she came to this city from Milwaukee about a year ago.

Cronin has been here a few weeks ago, and after having had some trouble with the woman was ordered by the police to leave the city. He came back on Sunday, however, and after his offers to Mrs. Miller had been rejected armed himself and killed her.

## FAIR AT EVANSVILLE A DECIDED SUCCESS

RACES YESTERDAY AFTERNOON  
DREW BIG CROWD.

The Different Agricultural, Horticultural and Stock Departments Are Well Filled with Exhibits—Social and Personal News and Notes from County Towns.

Evansville, Sept. 5.—[Special]—The weather was kind today, and permitted the 2,500 people in attendance at the opening of the fair to see the many attractions on the ground.

The attractions between the racing events were Kemp's wild west Shetland pony race and Messrs. Holloway and Neal of this place, in preparing contortion feats.

The art exhibits in charge of Mrs. Campbell are worthy of special note. While the hall is not the best for displaying the goods, still they are nicely arranged. Mrs. Campbell states that the entries are twice what they were last year. She has considerable space devoted to the culinary department and many toothsome viands are displayed, while that of the preserved goods is excellent as is also that of the art display. All those entered in this particular branch have contributed the finest of their productions for exhibition.

The weather and track conditions were favorable for the racing of yesterday. In the 2:40 pace Ira S. won in three straight heats; Helen M. second; and Nellie Gray third. Humming was with drawn in second heat; time 35.3, 34.37.

The 3-minute colt race was an exciting event. Summaries:

### LOCAL SPORTS INTERESTED

Good Sized Delegation From Here Will Visit Chicago.

Many of the local sports are now making plans to visit Chicago next week. On the night of September 11 Tattersall Athletic Club opens its regular fall and winter season. The program includes Maurice Rauch, who has fought many times in and around Chicago, proving himself an aggressive, hard hitting and clever fighter. He will appear against Tommy Pelz, who first came into prominence as Terry McGovern's sparring partner. He has beaten all the Brooklyn fighters in his class and is looked upon as a corner. Billy Rotchford, the old reliable fighter who has been out of active service for nearly a year will meet Hugh McPadden, an eastern man well known throughout the country. Harry Forbes who once fought the mighty Terry fifteen rounds, will try conclusions with Johnny Regan, also a Brooklyn lad. In Tommy Sullivan is a fighter looked upon as a future champion. His easy victory over George Dixon stamped him as a boxer of high class. He will try to convince Buddy Ryan, the pretty, clever and plucky local boy that he is. Ryan does not fear him, however, and they should put up a go that should furnish excitement for the whole entertainment. But Dal Hawkins, who is known from coast to coast as the most graceful boxer ever seen in the ring, will meet the light weight champion of Canada, Jim Popp. As a wind up those two hurricane fighters, Barney Connors and Billy Stiff will try conclusions once more.

### WASHINGTON, D. C.

Genesee Pure Food Co., Le Roy, N. Y.: Gentlemen:—Our family realize so much from the use of GRAIN-O that I feel I must say a word to induce others to use it. People are interested in their health and the welfare of their children they will use no other beverage. I have used them all, but GRAIN-O I have found superior to any, for the reason that it is solid grain.

Yours for health, C. F. MYERS.

Yellow Fever at San Francisco. Norfolk, Va., Sept. 5.—The German fruit steamer Holstein has arrived in quarantine at Old Point. The mate in command reported that Capt. Arhoo died of yellow fever and was buried at sea. The Holstein is from Port Crimon, Costa Rica, to Newport News. The marine hospital surgeons have boarded the Holstein. It is reported others of the crew are down with yellow fever. The patients will be isolated at once and the ship and cargo disinfected.

For more than three years I have been troubled with a nervous disorder which seriously affected my health. Used many remedies but received no benefit until I began treatment with Doctor Secrist I have improved under his treatment to a complete recovery, Thomas J. Thomas.

If you are chronically sick consult Dr. Secrist, at Park Hotel, Janesville, on Friday, Sept 7th. Charges low. Successful treatment guaranteed.

## CORN CROP IS IN SPLENDID SHAPE

EARLY PLANTINGS ARE MATURED SAFE FROM FROST.

Large Quantity of Grain Threshed During the Week—Damage to the Tobacco Crop by Hail was Less Than Has Been Reported—Blight on the Potato Crop.

The mean temperature for the week was slightly lower than that of the preceding, ranging from 74 degrees over the southern counties to 68 degrees along the northern border. The daily maximum temperatures were generally quite high, while the nights were cool, but no frost occurred.

There was practically no rain throughout the entire central portion of the state, while along the eastern border the total for the week amounted to two inches or over. Over the northwestern counties the rainfall was ample but not excessive. Heavy local rain occurred in the southeastern section Sunday night and at Milwaukee over two inches fell in about two hours. No damage from hail was reported during the week.

This week has been favorable for the maturity of the corn crop, which is reported large and of excellent quality. Early plantings are fully matured and a considerable portion of the crop cut. Late plantings will be safe from frost by September 15th. Local wind storms have caused considerable lodging but the damage from this cause is not considered great.

Complaints of molding in the shock and stock continue, but the yield is reported generally better than anticipated. A large quantity of grain was threshed during the week, the dry weather being very favorable for this work.

Second crop clover has made excellent growth and second growth timothy is reported generally better than the first crop. These crops will make a valuable addition to the supply of fodder.

The damage to the tobacco crop from hail reported last week has proved to be less than at first anticipated. The hail storms were local in character, and taking the crop as a whole, the damage was slight. A considerable portion of the crop has been shedded and the quality of the crop is fully up to the average.

There is much complaint from nearly all portions of the state of damage to the potato crop by blight. Early plantings are fully matured and some digging has been done.

The apple crop will be light and the quality only fair. Reports of falling continue. Small fruit crop is generally satisfactory.

## RECEPTION FOR OGDEN H. FETHERS

At a special meeting of the Oriental Lodge K. P. held last night it was decided to give Supreme Chancellor Ogden H. Fethers a reception on his return from Detroit. The local lodge feels very proud of the honor conferred on one of its members, by the Grand Lodge at the encampment recently held in Detroit. The following were appointed a committee to have charge of the reception: Geo. S. Parker, S. B. Lewis, Supt. D. D. Mayne, P. J. Mount and S. B. Heddlar.

## ATHLETIC FEATURES AT STATE FAIR

Milwaukee, Sept. 5.—The athletic features of the State fair is attracting considerable attention through the state and the indications are now that the entries will be much larger than had been expected. Word has been received that the Lawrence university, of Appleton, Wis., has decided to send a team for the various events. Word has also come from Edward L. McGillis, of Marinette, Wis., that a team will be entered from that town as follows: Allen W. John, in the jumps and distance events; Roger Adams, in the jumps, pole vault and distance events; Edward L. McGillis, distance events. In addition there has been several notices received from high schools in the state and at Chicago that teams will be entered for the relay events and some of them for the dashes. The outlook is most encouraging for a large entry list.

Has Thirteen Plague Cases. Glasgow, Sept. 5.—A bulletin issued by the medical officers of Glasgow this morning shows that an additional plague case has been reported. The total is now thirteen; doubtful cases, three; under observation, 103.

London, Sept. 5.—A report was current to-day that two cases of the plague had been discovered in the vicinity of the London docks, but the medical officer, when questioned on the subject, said he knew nothing about the matter.

New York, Sept. 5.—The steamer State of Nebraska has arrived from Glasgow and reported all well on board. However, as she came from a plague port, she was held at quarantine.

## MONROE FAIR THIS WEEK

Record Breaking Event Scheduled for Green County.

What promises to be the greatest county fair ever held in this portion of the state opened today at Monroe and will continue through Saturday. Every foot of space on the grounds has been utilized. Vaudeville artists from Chicago and New York have been engaged to help amuse the crowds. Good races are on the program each day. In all the buildings the exhibits far surpass in number any ever shown in Green county. The track has been remodeled at a cost of several thousand dollars. New buildings have been erected. The live stock exhibit would do justice to a state fair.

This morning a good sized delegation left Janesville and the indications are that the Bower City will be well represented at Monroe this week. Cheap railroad rates are offered and the trains run so that one may return in the evening.

## WONDERFUL CURE OF DIARRHOEA

A Prominent Virginia Editor Had Almost Given Up, But Was Brought Back to Perfect Health by Chamberlain's Colic, Cholera and Diarrhoea Remedy—Read His Editorial.

[From the Times, Hillsville, Va.]

I suffered with diarrhoea for a long time and thought I was past being cured. I had spent much time and money and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow sufferers that I am a hale and hearty man today and feel as well as I ever did in my life.—O. R. Moore. Sold by Smith's Pharmacy, next to P. O., kodak agents.

### Boy Killed by a Train.

Rogers Park, Ill., Sept. 5.—One boy was killed and another fatally injured by a train at the crossing of a country road in Rogers Park on the Milwaukee division of the Chicago & Northwestern railroad. Their names are: Frank Collignon, 7 years old, 4826 Murphy avenue, killed instantly. Albert Williams, 7 years old, 613 Birchwood avenue; compound fracture of the skull and right arm broken; attended by Dr. Lowell; will die. The boys were accompanied by Peter Collignon, and the three had been sent on an errand to the grocery, near the tracks.

### Last Act in Peace Conference.

The Hague, Sept. 5.—The ratifications of the agreements and treaties resulting from the peace conference have been formally placed in the foreign office archives. The minister of foreign affairs, Dr. W. H. De Beaufort, in a brief speech, expressed the hope that the future historian would be able to declare that the work of the conference was of lasting benefit to humanity and proposed that an expression of this hope be conveyed to the czar. A telegram in this sense was subsequently dispatched to St. Petersburg.

### Explosion of Glass-Workers.

Brussels, Sept. 5.—A large number of glassworkers of this district, discouraged at the continuance of the strike and fearing that in the end the employers are certain to win, are preparing to go to the United States, where they hope to obtain work at remunerative wages. The Petit Bleu, discussing this plan, says it fears the men will find on their arrival in the United States that their presence is not desired and that they will meet with a hostile reception at the hands of the powerful American glass union.

Negro School Given Big Sum.  
Atlanta, Ga., Sept. 5.—John D. Rockefeller has made Spellman seminary, a negro college of this city, a present of \$180,000. The money has been paid to the treasury of the American Baptist Home Missionary society of New York, which has charge of the college. A new dormitory, a new dining hall, a residence for the faculty, a hospital and a heating and light plant will be built.

Children Drown in a Slip.  
Chicago, Sept. 5.—Frank Brewer, 7 years old, the son of Ira W. Brewer, auditor of the Chicago, Rock Island & Pacific Railroad, and Eby Stefford, 14 years old, whose father is also connected with the Rock Island Road in an official capacity, were drowned while wading in a slip which had been dredged along the side of the Chicago, Pittsburg & Fort Wayne tracks at One Hundred and Thirty-first street.

Arma Senkrath Kills Herself.  
Berlin, Sept. 5.—Arma Senkrath, the famous American violinist, committed suicide at Weimar. She is said to have contracted in Germany a marriage that proved a failure. The artist was born in Canada and studied in Paris under Von Massard. She gave several concerts in Berlin, where the warmth and purity of her tone was greatly admired. The name Senkrath was merely an inversion of her real name, Harkness.

Cannon Victim Is Dead.  
Springfield, Ill., Sept. 5.—Harry Kuebler, one of the boys so badly injured by the premature discharge of a cannon at Camp Lincoln during the Illinois national guard encampment this summer, has died of lockjaw. Blood poisoning had set in from the effects of powder wounds, and when Kuebler stepped on wire with his bare foot Thursday lockjaw at once set in.

Balloon Voyage a Success.  
Paris, Sept. 5.—Jacques Faure, treasurer of the Aero club, has successfully crossed the channel in a balloon. He left the Crystal Palace, London, at 8 o'clock Saturday night and arrived at Alette, Pas de Calais, at 3 o'clock Monday morning. The crossing of the channel occupied four hours. During this time the aeronaut kept his balloon at a height of 700 meters.

Cleanest in America.

The Lackawanna Railroad is the cleanest railroad in America. Even though it cared little for the comfort of its passengers, which it does, it probably would burn hard coal, for the reason that it owns the most extensive anthracite coal mines in Pennsylvania, and it is cheaper for it to burn hard coal, which makes no smoke, than soft. At any rate, there is no smoke from its locomotives. It is built for the most part through the mountains where rock is the material easiest of access, and its road-bed for that reason is rock-balled. There is therefore, no dust. These two things are of unusual interest to the traveler by the line, for the reason that on no other road in the United States is there stronger incentive to keep one's eyes upon the passing scene. It is said of this line truthfully that every mile is picturesque. It traverses the agricultural region of Western New York, the valley region of Central New York, the mountain region of Pennsylvania and New Jersey, and every mile offers a view that is beautiful, interesting and entrancing. In point of comfort its passengers are particularly fortunate, for, in addition to there being no smoke or dust, the cars are roomy and scrupulously clean. Sleeping cars, parlor cars and dining cars offer all the conveniences and comforts of modern travel.

Perfect womanhood depends on perfect health. Nature's rarest gift of physical beauty comes to all who use Rocky Mountain Tea. 35c. Smith's Pharmacy, Kodak agents.

Trail of Train Robbers Lost.  
Rawlins, Wyo., Sept. 5.—Couriers from the posses in pursuit of the Union Pacific train robbers report that the trail has been lost in Timber Lake.

## SORES AND ULCERS.

Sores and Ulcers never become chronic unless the blood is in poor condition—is sluggish, weak and unable to throw off the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the sore, and great danger to life would follow should it heal before the blood has been made pure and healthy and all impurities eliminated from the system. S.S.S. begins the cure by first cleansing and invigorating the blood, building up the general health and removing from the system a **CONSTANT DRAIN UPON THE SYSTEM.**

When this has been accomplished the discharge gradually ceases, and the sore or ulcer heals. It is the tendency of these old indolent sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing and to some extent alleviate pain, cannot reach the seat of the trouble. S. S. S. does, and no matter how apparently hopeless your condition, even though your constitution has broken down, it will bring relief when nothing else can. It supplies the rich, pure blood necessary to heal the sore and nourish the debilitated, diseased body.

Mr. J. B. Talbert, Lock Box 25, Winona, Miss., says: "Six years ago my leg from the knee to the foot was one solid sore. Several physicians treated me and I made two trips to Hot Springs, but found no relief. I was induced to try S. S. S., and it made a complete cure. I have been a perfectly well man ever since."

**SSS** is the only purely vegetable blood purifier known—contains no poisonous minerals to ruin the digestion and add to, rather than relieve your sufferings. If your flesh does not heal readily when scratched, bruised or cut, your blood is in bad condition, and any ordinary sore is apt to become chronic.

Send for our free book and write our physicians about your case. We make no charge for this service.

Generally fair tonight and Thursday.

## ABOUT ELECTRIC LIGHTS.

The aldermen appear to be alive to the shortcomings of the arc lights. This is as it should be. The city is paying out its cash—about \$1,000 a month—regularly, and should get what it pays for. That there is a substantial profit in the contract goes without saying, and the service should be proportionate.

In the current issue of The Municipality, a bi-monthly publication issued by the League of Wisconsin Municipalities, is found an article on municipal lighting written by Alderman Henry Smith of Milwaukee. In this article Mr. Smith gives the actual cost of arc lights in cities owning the plants as follows:

City.	No. of Lights.	Candle Power.	Annual Cost.
Bankers, Mo.	183	1200	\$45.00
Peabody, Mass.	181	1200	\$72.72
Bay City, Mich.	250	2000	\$50.00
Ansonia, Conn.	250	2000	\$50.00
Holland, Mich.	56	2000	\$50.00
Decatur, Ill.	115	2000	\$50.00
Huntington, Ind.	73	2000	\$50.00
London, O.	284	2000	\$80.00
Topoka, Kan.	300	2000	\$80.00
Hannibal, Mo.	184	2000	\$50.00
Elgin, Ill.	312	2000	\$50.00
Bloomington, Ill.	312	2000	\$50.00

It is a well established fact that a private corporation can run a lighting plant cheaper than it can be operated by a municipality, yet the only city on the above list using 1200 candle power lights gets them for \$45 per year. The average cost for 2000 candle power lights is \$50.60. In the same proportion, 1200 candle power should cost \$30.36 each. Janesville uses arc lights supposedly of 1200 candle power, at \$82 per year each.

Is there not profit enough in this contract so that the company can be expected to give a 1 service?

The terms of the present contract provide for lights of a stated power; a deduction for loss of light; and the annulment of the contract in case of repeated violation of its terms. The city is buying light for the use of its citizens, and the interests of the citizens are of paramount importance. The provisions of the contract should rule, therefore, and the council should see to it that they do rule.

Secretary of the Treasury Gage is of the opinion that if Mr. Bryan should be elected president he would have authority to order his secretary of the Treasury to pay the principal and interest of gold bonds and the current obligations of the government in silver. In this case, it is unnecessary to remark, almost any old investment would be as safe "as government bonds."

The fact that the Janesville ostrich farm was a losing venture makes of interest the announcement that a Florida man has purchased 300 acres of swamp land near Swan Bridges and will turn it into a breeding place for alligators. Alligators are becoming scarce, owing to the activity of Northern hunters, and there is a steady demand for alligator skin.

David B. Hill now claims to have

been responsible for the establishment of Labor Day, but his statement to that effect is taken with a grain of salt, owing to the fact that he was also the originator of the saying "I am a democrat"—coined at a time when no one could tell what a democrat was.

In view of the rumor that a grand jury might be called, it would interest some people to know who owned, operated and "plugged" for the gambling device openly operated on the streets of Janesville on July 4th, circus day, and again on Labor Day.

A decidedly dangerous precedent would be established if the court ruled with the Washington woman who has sued for freedom on the ground that her husband is not as strong politically as he thought and said he was.

Mr. Bryan probably took it as a personal insult when President Cleveland advised a democratic correspondent to vote according to his conscience and informed patriotic sense.

If D. B. Hill takes the democratic stump in the south, Bryan had better see to it that a trusted stenographer accompanies him. When David gets away from the newspapers he's liable to "say things."

Thirteen may be an unlucky number, but we trust that superstition will not prevent Mr. Hyzer from accepting the \$13,000 per annum that goes with his new position.

Carl Shurz, the gentleman who bolts something or other on every possible occasion, is well located—he lives at Bolton Landing, Lake George.

It is now proper to speak of the democratic gubernatorial candidate's reference to politics at Milwaukee on Labor Day, as Bohmrich's Bad Break.

Chief Spencer's new fire well appears to be, so to speak, all wool and a yard wide.

## GEN. GROBLER IS ANXIOUS TO QUIT

Boer Commander Negotiating With the British With a View of Surrendering His Army.

Pretoria, Sept. 5.—[Special Cablegram]—Commandant Grobler, who operated with Olivier is negotiating with

GENERAL EVART R. GROBLER.

the British with a view of surrendering his forces. He asks for equal treatment for a few of his followers who fought after taking the oath of allegiance to the British.

Cape Town, Sept. 5.—[Special Cablegram]—Reports from Ladybrand say the besieging Boers are retiring after a futile bombardment with nine pounders. A dispatch from Thabanchu, South of Ladybrand, says the Boers have appeared there.

London, Sept. 5.—The people of London receive the announcement of the annexation of the Transvaal as a matter of course. The Manchester Guardian says:

"It is a curious fact that on the very day on which was accomplished the attainment of what has been the desire of the British public all these months there was not seen a single flag or rag of hunting raised in all this great city to commemorate the event."

"We are afraid the proclamation of annexation is accepted simply as a political move, dictated from home and designed to pave the way for an early general election. It possibly may be the forerunner of the recall of Lord Roberts."

Queen Victoria is said to have informed the war office yesterday that she wished extraordinary efforts made to save the homecoming soldiers from the hardships arising from idleness and poverty. Recently a number of colonial infantrymen arrived in London from South Africa. They were penniless and compelled to appeal for charitable aid.

The story of the wretched condition of these men who had unselfishly answered the call to arms reached the ears of the queen, and she expressed her chagrin and indignation without reserve. The war office now announces that all homecoming soldiers will be added to tide over immediate necessities.

The queen intends to establish a vast orphanage for the benefit of the children of men killed in the Boer war. The project was under her master's personal direction and the ex-

pense will be defrayed out of her private purse.

## Boers Hold a Pass.

Crocodile River Valley, Transvaal, Sunday, Sept. 2.—General Buller today reconnoitered the Boer position in the mountains overlooking Lydenburg. General Botha and 2,000 burghers had previously joined the forces holding the pass.

The Boers opened with three "long toms" and fired continuously all day. The British had few casualties.

## JOHN M. WHITEHEAD FOR STATE SENATOR

### THE SENATORIAL CONVENTION AT MILTON JUNCTION.

There Was No Opposition, and the Janesville Man Was Nominated as the Republican Candidate by Acclamation—His Election for the Office is Certain.

Milton Junction, Wis., Sept. 5. [Special Telegram.]—The senatorial convention was called to order by Geo. Smith, of Jefferson, who was elected chairman. M. P. Richardson, of Janesville, was chosen as secretary.

Ex Governor Hoard moved that ballot be taken for senator and Gilbert Rutheford, of Oakland, who had been a candidate against Senator Whitehead in a well chosen speech moved that Senator Whitehead be declared the nominee by a rising vote. The motion was loudly applauded.

Ex Governor Hoard accepted the amendment, and it was carried unanimously and Senator Whitehead was declared to be the nominee.

Senator Whitehead was called for and accepted the nomination. Ex-Governor Hoard was called upon for a speech. He said he had been edited and cheered by the sentiments expressed by Senator Whitehead. He believed in the old American doctrine that the people should rule and made a plea for conscience in politics. Too many people in both parties have no idea except to beat the other fellow. There was no patriotism in such politics. The republican party had always been the party of higher ideals.

He spoke of the so-called anti-imperialism campaign and said it was a shame to make such uses of politics. The American people can never be enslaved. The ex-Governor told several good stories and spoke entertainingly and in sound sense, closing with the prediction that the republican party would be larger than ever before and a plea for united work.

A senatorial commission was then appointed on motion, consisting of Geo. O. Smith, Jefferson; W. F. Carle, Janesville, and P. M. Greene, of Milton.

## TARRANT-MORE WEDDING-SEPT. 4

Appleton Man Carries Off One of Rock County's Best Maidens—Patties Well Known.

Tuesday morning, Sept. 4 at the home of Hon. Robert More in Bradford, under a beautiful bower, Rev. S. G. Huey spoke the words which united as husband and wife Roy G. Tarrant and Miss Ada J. More.

The ceremony was performed in the presence of a number of friends and relatives. Wedding presents were many and costly. A sumptuous wedding breakfast was served.

The groom is a well to do groceryman in Appleton, Wis., and is the youngest son of Henry Tarrant of La Prairie and the bride is the oldest daughter of Mr. and Mrs. Robert More of Bradford. They started at once for their home in Appleton whither they take with them the best wishes of many friends.

## HERMAN HELL PLEADS GUILTY

Herman Hell, appeared before Judge Fifeid, of the municipal court this morning and withdrew his plea of not guilty, to the charge of being drunk and disorderly entered by him yesterday morning and pleaded guilty. Judge Fifeid sentenced him to serve five days in jail and to pay a fine of \$5 and costs amounting to \$6.80. In case the fine is not paid he will have to serve six additional days in jail.

Raymond Cox, a young boy was before the court charged with assault and battery. He pleaded not guilty and the case was adjourned for two weeks.

### Want Rural Free Delivery

Rural free delivery routes are being established all through this part of the country. We see no good reason for allowing all these other towns to get the start of us. Then the farmer's mail would be delivered at his home each day. Clinton could easily supply two such routes. Farmers could then toast their shins after tea and at the same time be reading their daily paper. Why not work it up. Lay out the trips. Get up petitions, etc. About 20 miles of travel and about 500 people is the basis the department figures on. Would it not be a good idea for our farmers to have a mass meeting and talk the subject up.—Clinton Herald.

### Delightful Piano Recital

A delightful piano recital was given at the home of Mrs. C. L. Clark, last evening. Miss Genevieve Shoemaker, of the town of Janesville, rendered several piano solos, in a manner that was appreciated by those present. Miss Shoemaker is a young girl just about to enter the High school and is talented in this line.

Miss Corn Anderson rendered several vocal solos in a talented manner, and added much to the enjoyment of those present. A violin obligato by Oscar Halverson was exquisitely rendered. Those present were extremely well pleased with the evening's entertainment.

### Great Britain's Consumption of Tea.

There is a large increase in the consumption of tea in the United Kingdom, which now amounts to over six pounds yearly per head of the population. The higher grades of tea are, moreover, in little demand in Great Britain and Ireland. Forty-eight million pounds of tea were exported from Foochow last year, as against forty-one millions in the previous year.

### Five Species of Dogs.

The time of the Roman occupation of Britain, five distinct species of dogs were there, most of which can with certainty be identified with those of the present day. There were the house dog, the greyhound, the bulldog, the terrier and the slowhound.

### Mileage Made by Engines.

On first class roads a passenger engine, it is said, will average about 35,000 miles a year, or say 100 miles a day, and it will consume about seventy pounds of coal to a mile. The life of an engine is about sixteen years.

### No Place Like Home.

In explaining his reasons for spending his vacation at his home in Missouri, Senator Vest a few days ago said: "I've tried vacations from Florida to Alaska, but I find that there is no place like home for a good rest."

## MR. JACKSON STOOD BEHIND THE MAN

The Janesville Attorney Had an Exciting Experience During a Shooting in a Rhinelander Hotel.

District Attorney W. A. Jackson, had an exciting experience during his recent trip to the northern part of the state.

Mr. and Mrs. Jackson, left the train at Rhinelander in the evening and went to the hotel to stay over night. Mr. Jackson went to the office to register and while standing there two men entered the office one of them stopping directly in front of him and but a few feet distance. The other man stepped towards the man in front of Mr. Jackson and without a word drew a pistol and shot the man in front of Mr. Jackson, killing the man, almost instantly.

The man that was killed was a merchant in Rhinelander, by the name of Fenlon, and the one that did the shooting was a traveling man by the name of Robbins. Fenlon and Robbins had some words in Fenlon's store in regard to something Robbins had said to Fenlon's wife and the matter ended in Fenlon throwing Robbins out of the store. Robbins went to the hotel and Fenlon followed him to the hotel and into the office where the shooting took place.

The bullet from Robbins' pistol struck Fenlon directly under the heart severing the artery connecting with the heart and causing death in a few moments.

Mr. Jackson is congratulating himself that the bullet did not miss Fenlon as he was directly behind him and in line of the bullet. Robbins was up for examination on Monday last and was held for trial at the October term of court.

## PUTTING UP LONG TELEPHONE POLES

The Wisconsin Company Is Making Extensive Improvements On Its Lines In City of Janesville.

The Wisconsin Telephone Company is making extensive improvements on its lines throughout the city. The entire system of wires is being remodeled. A large force of men are now employed in making the changes.

At present they are replacing the old poles on West Milwaukee street, with 62 foot poles. The new poles will have but five cross arms, which will carry the wires for the subscribers along the street.

Four cables containing fifty pairs of wires each will run up Milwaukee street, and will carry the wires for the outside subscribers. One cable will go up Milwaukee and branch off at Center avenue. One will cross the tracks at Pleasant street and continue on west for a distance. Another will branch off near the Corn Exchange square and connect with the cable already in place on Franklin street.

When the new poles and cables are in place, the old poles and the numerous wires will be removed and the appearance of Milwaukee street will be greatly improved, the cables taking the place of some two hundred wires, now running up the street.

The large poles used by the company in this work come from Idaho and cost about \$30 each. It is quite a sight to see one of these large poles placed in position and how easily they can be handled by experienced men.

When the present improvements are completed the Wisconsin Company will have one of the best equipped exchanges in the state.

## ANNUAL MEETING OF CHRIST CHURCH

The annual meeting of Christ Church parish was held in the church last evening and was an interesting meeting to members of the parish.

The financial report of the board of directors was given, also reports from the treasurer of the parish, the treasurer of the Daughters of the King and the treasurer of the Ladies Guild. Dr. J. B. Whiting and William Ruger were elected wardens by a unanimous vote.

It was voted to elect seven vestrymen, and the following gentlemen were duly elected vestrymen: R. M. Bostwick, J. L. Bostwick, Charles D. Stevens, N. L. Carl, George H. Smith, W. J. Skelly and George S. Parker.

Dr. J. B. Whiting, Wm. Ruger, J. L. Bostwick and B. B. Eldredge were elected deputies to the annual council of the diocese, which convenes in Milwaukee, Tuesday, October 9.

### Fathers Will Be Home Saturday

S. B. Smith talked with Ogden H. Fethers this morning by telephone. Mr. Fethers informed him he would reach the city Saturday evening at 7 o'clock. The committee that have the matter of giving Mr. Fethers a reception in charge, will meet this evening and arrange the details.

### A Word About Furs.

Read carefully what we say about fur garments on page two. There is probably no article of wearing apparel in which there is more of a chance for deception than in a fur garment. Few people are good judges of furs and therefore must depend on a merchant.

M. C. A. WOMAN'S AUXILIARY

Annual Meeting Held Yesterday Afternoon—The Officers Elected

The Woman's Auxiliary of the Y. M. C. A. held its annual meeting yesterday afternoon at the Y. M. C. A. building.

Twenty seven ladies gathered in the parlors of the building and the new work for the year started out most prosperously.

Mrs. C. A. Hunt led the devotional services which included scriptural reading, singing and prayer.

The minutes of the last meeting were read, which Mrs. C. W. Van Aiken, president of the association, presented her report covering the work done by the association during the past year.

The secretary's report presented by Mrs. W. G. Palmer contained some interesting statistics. The past year commenced with 102 members and thirteen new ones have joined during the past year and twelve withdrawn and eight have left the city leaving the present membership ninety-four.

The treasurer's report showed that \$212.53 had been expended during the last year mostly for furnishing and taking care of the dormitories.

Mrs. Williams, chairman of the room committee, reported that twenty-three new dormitories had been added and furnished during the year, making with the eight old dormitories, thirty-one that the ladies are now taking care of.

The following officers for the ensuing year were elected:

President—Mrs. C. W. Van Aiken.  
First Vice President—Mrs. C. A. Hunt.  
Second Vice President—Mrs. J. T. Readerson.  
Secretary—Mrs. W. G. Palmer.  
Treasurer—Mrs. Henry Hanson.

Foreign Schools at Athens.

Four foreign countries—Germany, France, England and the United States—now have schools at Athens.

The United States school has thirteen students and twenty-three colleges contribute to its support. The school has distinguished itself by its explorations at Corinth, according to the Scientific American. The students go to Corinth vacations, rent a house and pursue their investigations.

Victoria Likes Dogs.

Of all kinds of animals there have never been any so favored by Queen Victoria as the dog. Wherever she stays she is surrounded by her pets and her favorites are always moved from place to place with her. She has unconquerable aversion to cats. She does not care especially for horses or birds, but devotes herself to her canine friends. At Windsor the kennels contain upward of 100 dogs.

"Unspeakable" Conditions of Hospitals.

Rudyard Kipling said at the inquiry in London that the hospital conditions in South Africa were "unspeakable," and then he went on and talked for two hours about them. That is like the nominating orator who says: "You all know this man," and immediately proceeded to tell you four columns about him.

## FASHIONS FOR MEN THE COMING FALL

There Will be a Decided Change in the Appearance of the Well Dressed Janesville Man.

There will be a decided change in the apparel of the well dressed man during the coming season. The local tailoring establishments are putting in a full stock of cloths and gents furnishing goods in keeping with what will be called for by the correct dresser.

The fashions for men for the coming fall will not please people who like bright colors and a considerable display of jewelry.

Everything is to be in quiet shades and designs. Even colored shirts are no longer strictly proper, plain white linen having come back into its own. Only two styles of collar will be correct, the high, straight standing and the high band turn down. Gay colored neckties will be banished.

The approved thing will be a solid color four in hand Ascot or string. Gloves for fall wear should be red, tan or slate, heavily stitched and fastened with a button. For men who wish to go to the limit extremely heavy white kid gloves are offered for outdoor wear.

Fashionable shoes will have round toes without boxes and much heavier soles than heretofore. Patent leather will not be much worn, and all shoes will be laced.

It will be as much as a fashionable man's reputation is worth to wear gloves without buttons or shoes with them. Soft felt hats will not be allowable. The proper thing in headgear will be black, dark brown, or pearl gray derbies or bell crowned silk hats. Fall clothes should be modest and quiet in color.

For business wear the coat should be either the single-breasted sack, with three or four buttons, or the double-breasted sack with three buttons. Both should be cut shorter than last year and should fit more snugly. All coats are cut square-shouldered, and the frock coat should always be worn open and should be exactly four inches more than half the height of the wearer.

NARROW ESCAPE FROM LIGHTNING

Experience of Dr. W. H. Palmer During a Recent Trip to Cedar Lake, Wis.

Dr. W. H. Palmer had a narrow escape from being killed by lightning on his recent trip to Cedar Lake, in the northern part of the state.

A severe storm was raging and was accompanied by sharp lightning. Dr. Palmer was standing by a window looking out at the storm, and some one spoke to him and said he had better keep away from the window on account of the lightning. He moved a short distance away and sat down in a chair. He had been there but a short time when a bolt of lightning struck the window, demolishing it completely. The force of the shock threw the doctor out of the chair and almost across the room, leaving him stunned and badly shaken up. Had he remained at the window a little longer he could hardly have escaped being killed or at least being badly injured.

Big Income of Beggar.

When searched, a New York beggar was found to have 531 cents in his coat. He had collected them in less than half a day. At this rate his income would be \$3,550 a year.

## Mutiny on a Transport.

New Orleans, La., Sept. 5.—Eighteen stokers aboard the British transport Montcalm were arrested for mutiny in refusing to sail with Dane stokers, engaged to take the place of the deserters. The mutineers also complained of the food and the British consul appointed a board of survey, which reported it all right. The ship has been trying to sail since Saturday.

## Girl Died from Poison.

Portland, Ind., Sept. 5.—A partial report from the chemist who has been examining the stomach of Gertrude Wheeler, the girl who died so mysteriously, reveals the fact that it contains poison, although the kind has not been determined. The Adams county coroner is to take evidence in the city and at Geneva in the case.

## Hartford Has 79,850.

Washington, Sept. 5.—The census bureau announces that the population of Hartford, Conn., is 79,850, as against 53,230 in 1890. This is an increase of 26,620, or 50.01 per cent.

The population of Richmond, Va., is 85,050, as against 81,333 in 1890. This is an increase of 3,662, or 4.5 per cent.

## Explorers from Greenland.

Stockholm, Sept. 5.—The explorer Kolthoff, along with the rest of the members of his party, has returned from Greenland. They have succeeded in bringing home a live musk ox. The collection of ornithological and zoological specimens has been a great success.

## Is Heir to Millions.

Cincinnati, O., Sept. 5.—The will of David Sinton was probated here. The estate is valued at \$15,000,000 to \$20,000,000, and Mrs. Charles P. Taft, the only heir, is made executrix without bond. Sinton once had many bequests in his will, but paid them all before he died.

## Hiccoughs End in Death.

## To Rescue Some Diggers.

San Francisco, Cal., Sept. 4.—The transport Lawton is being hurriedly prepared for a trip to Nome, to bring out destitute prospectors before the diggings are closed in by ice for the winter.

The Lawton will be ready for sailing in a week.

## A Word to Mothers.

Mothers of children affected with croup or a severe cold need not hesitate to administer Chamberlain's Cough Remedy. It contains no opiate nor narcotic in any form and may be given as confidently to the babe as to an adult. The great success that has attended its use in the treatment of colds and croup has won for it the approval and praise it has received throughout the United States and in many foreign lands. For sale by Smith's pharmacy next to post office. Kodak agents.

## Coal Famine Is Temporary.

Paris, Sept. 5.—M. Noblemaire, manager of the Paris, Lyons & Mediterranean railway, said here: "Our company made important purchases of American coal since the beginning of the year. The high price we had to pay was only warranted because prices were still higher in Europe. As the situation in Europe is quite exceptional, the importation of American coal cannot increase or even remain stationary unless it can be delivered here at a much lower price than that at present demanded."

## Backache.

So many women suffer from it. It mars alike their hours of work and pleasure. Backache is generally a symptom of derangement of the delicate womanly organs. It is useless

therefore to apply plasters and similar local treatments. A cure can only be effected when the cause of the ache is removed. The use of Dr. Pierce's Favorite Prescription will cure the debilitating drains, the inflammation, ulceration and displacement which cause backache, headache and many other aches and pains. "Favorite Prescription" contains no alcohol and is absolutely free from opium, cocaine and other narcotics. It agrees with the most delicate persons.

"I took your medicine six months and I feel now like a new person," writes Miss Annie Stephens of Bellevue, W. Va. "I have no backache, no headache, no pain anywhere. I took seven bottles of Dr. Pierce's Favorite Prescription, and seven bottles of his 'Golden Medical Discovery.' I think there is no medicine like Dr. Pierce's. I can't speak highly enough of your medicine for it has done me so much good. I don't feel tired as I used to, nor sick. I feel well and think there is no medicine equal to Dr. Pierce's Favorite Prescription."

The Medical Adviser, 1008 pages, sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for paper covers, or 31 stamps for cloth, to Dr. R. V. Pierce, Buffalo, N. Y.

## Fits Busted in His Heart.

Evansville, Ind., Sept. 5.—John Koob, a wealthy farmer, aged 45 years, who lived near here, committed suicide by shooting himself in the heart. He asked his wife if she could tell him the exact location of his heart. He then went to the stable in the rear of the house and killed himself. Koob had to pay a note for a friend a few days ago and brooded over the matter, fearing the loss would force him into bankruptcy.

Hawaii and Porto Rico.

The Hawaiian islands are a territory of the United States the same as Arizona, New Mexico and other territories of the United States. Porto Rico is not such a territory. The one is under civil rule and the other under military rule.

**SALMON CROQUETTES.**—Chop one pound of cold salmon fine and season with one teaspoonful of salt, a little cayenne, the juice of half a lemon and one tablespoonful of chopped parsley. Rub one tablespoonful of butter and three tablespoonfuls of flour to a smooth paste and stir into one cupful of boiling cream. Add a pinch of salt, stir the salmon into it thoroughly and spread out on a flat dish to cool. When cold, form into oblong croquettes, dip into egg and then into bread crumbs and fry in boiling fat until a golden brown. Serve on a doily and garnish with sprigs of parsley.

For a Greater Chicago.

Chicago is a radically expansion city. She hopes some day to annex Manila as a suburb, take Havana into the corporation, and make a park of the Hawaiian islands.—Portland Oregonian.

**MARY'S LITTLE LAMB**

was no doubt raised very tenderly, but was no tenderer than the choice lamb that we handle every day. Whether it is spring lamb or full grown sheep it is the sweetest, juiciest morsel you can obtain in that line. All our meats are selected from reliable sources and are prepared here with a master hand that fits them for the epicure's table.
